$1 + 1 =$

$2 + 2 =$

$3 + 3 =$

$4 + 4 =$

$5 + 5 =$

$6 + 6 =$

$7 + 7 =$

$8 + 8 =$

$9 + 9 =$

READING SKILLS

Please read your reading book with an adult at home. You now have your yellow reading record books to record in as well!

Adults - reading doesn't always have to be our school reading book - any books you read at home can be recorded - even comics and magazines count!

Ask your child questions about what they have read or stop them and get them to predict what might happen next - we want to check that as well as decoding words and recognising the words they are reading that your also understands the context and content of the story.

English

Can you write a sentence about something you did at the weekend?

Make sure you use a capital letter at the start of your sentence, and a full stop at the end. Please read your sentence back to check it makes sense.

Section 4

$8 + 2 = \square$

$4 + 4 = \square$

$10 + 2 = \square$

Section 5

There were 6 fish in a pet shop.

2 fish were sold.

How many fish are left?
