Double 4 = ___
Half of 8 = ___

READING SKILLS

Please read your reading book with an adult at home. You now have your yellow reading record books to record in as well!

Adults - reading doesn't always have to be our school reading book - any books you read at home can be recorded - even comics and magazines count!

Ask your child questions about what they have read or stop them and get them to predict what might happen next - we want to check that as well as decoding words and recognising the words they are reading that your also understands the context and content of the story.

English

We have been reading the book "Man on the Moon" at school this week.

Can you answer the following questions?

- 1/ What did Bob have for his breakfast before he went to work?
- 2/ How did Bob travel to the moon and what did he wear?
- 3/ Who else did Bob see on the Moon?
- 4/ Did Bob believe in Aliens? How do you know?

Maths

Sarah has three jars of sweets.

A = 12 B = C = 17

She says:

A has the least sweets and C has the most.

How many sweets could be in B?

Write down how many sweets you think could be in jar B.
