

# Lawrence Hill/Bedminster class homework.

## Week six.

### Spellings.

January  
February  
March  
April  
May  
June  
July  
August  
September  
October  
November  
December

### Mental maths. Multiplication recall.

$2 \times 5 =$

$2 \times 9 =$

$2 \times 10 =$

$5 \times 5 =$

$5 \times 7 =$

$10 \times 1 =$

$10 \times 9 =$

### READING SKILLS

Please read your reading book with an adult at home. You now have your yellow reading record books to record in as well!

Adults - reading doesn't always have to be our school reading book - any books you read at home can be recorded - even comics and magazines count!

Ask your child questions about what they have read or stop them and get them to predict what might happen next - we want to check that as well as decoding words and recognising the words they are reading that your also understands the context and content of the story.

Find the hidden words.

poor	g	p	x	u	o	o	e
mind	p	i	e	d	n	y	d
both	u	r	y	n	n	l	p
only	l	b	o	t	h	n	o
after	l	y	c	v	u	o	o
after	q	a	f	t	e	r	r
prove	d	n	i	m	e	e	e

### Maths

Write a multiplication sentence for this array. How many groups?  
How many in each group? Can you also write this as repeated addition?
