

**Planning Ahead**  
- I have a strategy before I start my work

**Being Adaptable**  
– I can change my approach when one way does not work

**Perseverance**  
– I never give up when things are difficult

**Curiosity**  
– I ask great questions to find information

**Creativity**  
– I enjoy using my imagination

**Connecting Ideas**  
– I enjoy linking what I learn to real life learning

**Learning Relationships**  
- I enjoy working with others

Draw and label 3 symmetrical designs for Viking longship sails. Select your favourite and explain why.

Create 5 maths word problems based on a Viking theme. Remember to include the answers!

Create your own miniature longhouse model. Think carefully about the materials you select.

Research and write a fact page about a Viking topic (e.g. travel, lifestyle, communication).

Design and make your own Viking board game based on your learning in class.

Write a diary entry of a Viking warrior.

Play your board game with a family member. Ask them to write a couple of sentences telling us what they thought or take a picture.

All children should complete at least one challenge over the term. They can do more than one challenge if they choose. Children will be awarded a raffle ticket for each challenge completed, which will be entered into a prize draw at the end of the term!
